Become a **Red Hat Certified** System Administrator

Collaborative Initiative: AKTU and Red Hat Empower Youth with globally recognized Red Hat Certifications

Red Hat is collaborating with Dr. A. P. J. Abdul Kalam Technical University, Lucknow (APTU) and Department of Technical Education & Vocational Education and Department of IT, Government of Uttar Pradesh, to offer students with Red Hat Certified System Administrator Program. This initiative aligns with the objective of providing sustainable economic growth, upskill the youth in emerging technologies, and enhance youth employability in the IT sector through a globally recognized and relevant training and certification program.

This joint initiative program, commencing on December 4, 2023**, focuses on providing participants with a comprehensive foundation in Linux administration, elevating infrastructure management and reliability, and advancing the participants to Level 2 competency in 80 hours. This course will prepare learners for a career as a Linux system administrator by mastering installation, network configuration, storage administration, and security. It emphasizes the utilization of Red Hat Enterprise Linux for efficient administration, configuration, and problem resolution of IT infrastructure.
